

# CREATIVE WRITING & STORYTELLING

01

## YOUR STORY MATTERS!

Each voice is unique and has the potential to leave a mark on the world.

## LEARN TO LISTEN!

In other people's stories, you might discover something that changes your perspective or your life!

02

03

## YOUR STORY, YOUR CHOICE!

You have the right to share your story on your own terms. Ask how it will be used and say no if it doesn't feel right.

## ASK BEFORE YOU SHARE!

Other people own their stories. Listen, honor their words, and don't share without their permission.

## FICTION IS YOUR FILTER

Change names and facts, use fiction and metaphors to wrap your story in privacy while still letting your voice be heard.
